Ways we help unions

We work side-by-side with over 1000 unions to get what's best for teachers, steelworkers, firefighters and others keeping us safe, smart and strong.

We oversee \$40 billion in assets and created the Workforce Housing Fund to help vital community workers afford the community.

We've even given strike loans to workers walking picket lines. And yes, you just might see us out there walking with them.

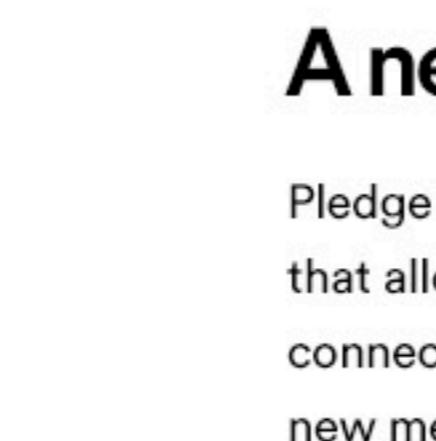

A quote from one of the Unions about how Amalgamated Bank has worked with them and their organization.

- Union Organization

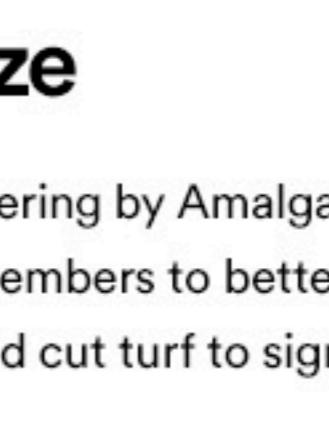

Unions we help

American Federation of State, County and Municipal Employees is the nation's largest public services employees union with more than 1.6 million members.

Service Employees International Union is a labor union representing almost 1.9 million workers in over 100 occupations in the United States and Canada.

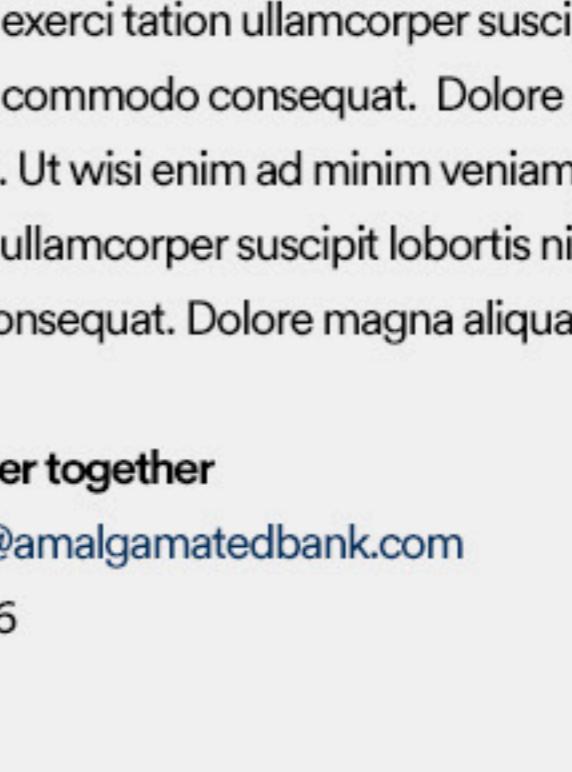

Over 200,000 members strong, the United Federation of Teachers is a federation of teachers, nurses and other professionals working in New York City's five boroughs.

Empowering those who do good, do better – union banking from a bank that stands with Labor

Union banking

Personal service from those who understand unions is combined with convenient everyday banking solutions for your organization- like checking accounts, cash management services and loans.
